

**PERMIT APPLICATION:** NRS06.023

**APPLICANT:** Town of Rogersville  
Water Department  
539 West Main Street  
Rogersville, Tennessee 37857

**LOCATION:** Old Town Spring Branch, tributary to Big Creek near Rogersville in Hawkins County; Lat 36.4181°N, Lon 82.9542°W

**WATERSHED DESCRIPTION:** Old Town Spring Branch is a first order tributary to Big Creek. Old Town Spring Branch has not been assessed for use support. Big Creek has been assessed as fully supporting all classified uses.

**PROJECT DESCRIPTION:** The proposed work involves re-issuance of the Aquatic Resource Alteration Permit # 99.532 which authorized the withdrawal of 200 gallons per minute from Old Town Spring. The Rogersville's water system intake is located on Big Creek. The town is presently permitted to withdraw 200 gallons per minute (gpm) from the spring and pump the water to the wet well of the existing raw water intake on Big Creek. The spring (Old Town Spring) enters Old Town Spring Branch approximately 0.3 miles upstream from the confluence with Big Creek. Old Town Spring Branch flows into Big Creek just downstream of the water supply reservoir dam.
